DETAILED ACTION

Allowable Subject Matter

1. Claims 1 – 31 are allowed.

The following is an examiner's statement of reasons for allowance: The primary reasons for allowance is that there cannot be ascertained prior art that anticipates or makes obvious the provisions of "the color markings comprising at least two colors" in combination with the other limitations presented in claims 1, 11 and 23. As defined in the specification, on page 19, lines 9 – 20, because a color high speed camera is used the markings on the golf ball include two or more different colors that include blue and red. Takagi (5,513,841), cited below, discloses a golf ball 20 having a plurality of black and white symbols painted thereon (See Col. 16, lines 11 – 31).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
